

25 Mitchell Units of the MTO Combat Aircraft 32: The Ultimate Guide for Modelers and Historians

Product Description

The North American B-25 Mitchell was a medium bomber that served with distinction in every theater of operations during World War II. In the Mediterranean Theater of Operations (MTO), the B-25 was used by both the USAAF and the RAF, and it played a vital role in the Allied victory in North Africa and Italy. This book profiles 25 Mitchell units that served in the MTO, and it includes scale drawings of the B-25s and their markings.
