The retreat will be held in Gmunden, Austria, from June 23-27, 2024. The theme of the retreat is "The Future of NeuroIS: New Frontiers in Theory and Practice."

The retreat will feature a variety of keynote speakers, invited talks, and paper presentations. There will also be opportunities for networking and collaboration.

## **Lecture Notes in Information Systems and Organization**

The Lecture Notes in Information Systems and Organization (LNI) series publishes scientific monographs and proceedings of conferences on information systems and organization.

The LNI series is a valuable resource for researchers, practitioners, and students in the field of information systems. The series provides a forum for the dissemination of new research findings and the exchange of ideas.

### **The Gmunden Retreat on NeuroIS 2024: Lecture Notes in Information Systems and Organization**

The Gmunden Retreat on NeuroIS 2024: Lecture Notes in Information Systems and Organization provides a comprehensive overview of the latest research in the field of NeuroIS.

The book contains contributions from leading researchers from around the world. The chapters cover a wide range of topics, including:

- The theoretical foundations of NeuroIS
- The application of NeuroIS to real-world problems
- The latest advances in NeuroIS technology
- The future of NeuroIS

The Gmunden Retreat on NeuroIS 2024: Lecture Notes in Information Systems and Organization is a must-read for anyone who wants to stay up-to-date on the latest research in the field of NeuroIS.

### **How to Free Download the Book**

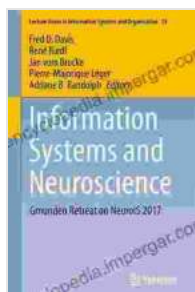

The Gmunden Retreat on NeuroIS 2024: Lecture Notes in Information Systems and Organization can be Free Downloaded from Springer.

The book is available in print and electronic formats.

The Gmunden Retreat on NeuroIS 2024: Lecture Notes in Information Systems and Organization is a valuable resource for anyone who wants to learn about the latest research in the field of NeuroIS.

The book provides a comprehensive overview of the theoretical foundations of NeuroIS, the application of NeuroIS to real-world problems, the latest advances in NeuroIS technology, and the future of NeuroIS.

I highly recommend this book to anyone who wants to stay up-to-date on the latest research in the field of NeuroIS.
