Other popular Anderson shows included Stingray, a submarine adventure series; Captain Scarlet, a spy thriller set in a dystopian future; and Space:

1999, a science fiction drama about a group of people stranded on the Moon.

The Andersons' work was characterized by its unique blend of science fiction and retrofuturism. Their shows and films often featured visions of the future that were both optimistic and nostalgic. They also made extensive use of marionette puppets, known as Supermarionation, which gave their characters a distinctive look and feel.

The Retrofuture Worlds of Gerry and Sylvia Anderson is a comprehensive exploration of the Andersons' work. This lavishly illustrated book features rare and unseen material from the Anderson archives, including concept art, storyboards, and behind-the-scenes photographs.

The book also includes interviews with Gerry and Sylvia Anderson, as well as other key collaborators. These interviews provide a fascinating insight into the creative process behind the Andersons' iconic shows and films.

If you're a fan of Gerry and Sylvia Anderson's work, or if you're interested in the history of science fiction, then The Retrofuture Worlds of Gerry and Sylvia Anderson is a must-have book.
